EDUCATION

Indian Institute of Information Technology, Nagpur

Nov 2022 – Jul 2026

B.Tech in Electronics and Communication Engineering

Nagpur, India

TECHNICAL SKILLS

Languages:C, C++, HTML, CSS, Tailwind, JavaScript, Solidity, Python, Java, MySQL, PHP

Developer Tools:VS code, Git/Github, Spline, Android Studio, Jupiter Notebook, RemixIDE, GNU/Linux.

Technologies/Frameworks:JQuery, ReactJS, NodeJS, ExpressJS, Supabase, MongoDB, ether.js, web3.js, hardhat, foundry.

PROJECTS

Mercado-Nft Marketplace |  code | [Solidity](#) | [ThirdWeb](#) | [ether.js](#) | [web3.js](#) | [React.js](#) | [Tailwind-Css](#)

- Pioneered proprietary cryptocurrency, empowering creators to mint personalized **NFTs** for users to acquire using **Mercat currency**, unlocking exclusive benefits.
- Facilitated seamless platform for artists to monetize talents through NFT creation and sales, with users purchasing digital collectibles using Mercat currency, granting immersive experiences.
- Poised to disrupt creator economy with innovative cryptocurrency and NFT platform, facilitating over **10,000** transactions in year one.

CrowdFund DApp |  code |  launch | [Solidity](#) | [Web3.js](#) | [React.js](#) | [Metamask](#) | [Spline](#)

- Engineered a decentralized crowdfunding platform on Ethereum's **Holesky** testnet, enabling **100+** managers to create funds with targets of **0.1-100 ETH** and **1-90** day deadlines, boosting funding success by **40%**.
- Enabled users to contribute to listed funds with a minimum contribution requirement, participate in voting for fund allocation or refund after the deadline, ensuring **transparency** and user engagement.
- Integrated smart contracts, web3.js, and Metamask, facilitating over **1,000** contributions and votes within the first three months of deployment.

Subasta-Auction website |  code | [React](#) | [Tailwind-Css](#) | [MongoDB](#) | [Express](#)

- Contributed towards this group project enabling **1000+** users to participate in live Auction/Bidding.
- Developed a high-performance backend infrastructure with Express, MongoDB, Zod, and NodeJS; reduced server downtime by **40%** and increased data processing efficiency by **60%**
- Unleashed the **Live Bidding Platform**, enabling **1,000+** bidders and **500+** sellers to engage in electrifying real-time auctions, driving a **35%** surge in auction revenues.

Web3-project |  code | [JavaScript](#) | [Solidity](#) | [Css](#)

- Web-3 Smart contract form using **JavaScript and Solidity**, for smooth transactions on blockchain.
- Implemented a responsive user interface using CSS for seamless interaction across devices.

ACHIEVEMENTS

- Achieved a **2-star** rating on CodeChef with a maximum rating of **1500**.
- Secured a **global rank** of **112** on CodeChef in Starters-93 Div 4.
- Solved **250+** different **Data Structure and Algorithm** problems on various coding platforms.
- Awarded a scholarship of Rs. 4 lakh by the Ministry of Science and Technology, Government of India. Awarded to students in figuring in **top- 1%** in ISC merit list in the country.

POSITION OF RESPONSIBILITY

- **TantraFiesta (Technical Fest), IIIT Nagpur**
 - Conceptualized and executed the high-profile **VERBUM-MAGISTERIUM** event at **IIIT Nagpur**, managing **300+** student footfall, showcasing exceptional managerial acumen, and ensuring seamless operations for a prestigious technical extravaganza.
- **Kshitij (Sports Fest), IIIT Nagpur**
 - Led a team of **15** members as Decor Lead for the Annual Sports Fest of IIIT Nagpur, 2024.
